

Concierge Medicine of Miami Beach, PLLC

300 West 41st Street, Suite 200
Miami Beach, Florida 33140

September 2026

You may have heard that my existing practice, Physicians Group of South Florida, P.A., will be affiliating with the University of Miami Health System. I will not be joining my colleagues but rather using this as an opportunity to further pursue concierge medicine. I strive to provide the very best care to my patients and the greater Miami Beach community, where I have practiced for nearly 20 years.

I have had the privilege and honor of serving as your primary care physician and I wish to extend an offer to join my new practice before opening my limited panel to the remaining community. This new practice will provide me the opportunity to continue providing the highest quality care and focus on personalized medical attention. In summary, the service offering will provide you with the following list of services:

- An annual medical examination;
- Strong focus on Preventive Medicine and extension of long-term health and wellness;
- Extended/Expanded Office Visit encounters;
- Same-day or next-business-day appointments;
- Little to no waiting;
- Coordination of medical services within the community;
- Courtesy Visits and/or Consultations with Medical Staff in the event of a hospitalization;
- Direct phone communications with your doctor;
- Convenient email

Annual Membership fees are based on the family. An individual membership is \$5,700 (discounted by \$200, if paid in full); a couple membership is \$10,500 (discounted by \$500, if paid in full) and a family¹ membership is \$16,000 (discounted by \$1,000, if paid in full). We will participate with Medicare² but no commercial insurance carriers.

Concierge Medicine of Miami Beach will officially open on November 1, 2026. We have launched a website at <http://www.conciergeofmiamibeach.com> for additional information, including a copy of the Membership Agreement.

Thank you for your trust in our capabilities and entrusting us with your health. I remain grateful for the opportunity to have provided care for you over the years.

Sincerely,

Brian Pachter, DO

¹ Family memberships include parents and children aged 16 to 24.

² Medicare includes traditional Medicare and explicitly does not include Medicare Advantage plans.
